## **George Saj**

### **About the artist:**

George Saj is a general surgeon with forty-four years of practice behind him. He has a lifelong interest in art and is now working in assemblages of painted wood.

### **About the artwork:**

Caught in the moment after the thorn  
was removed and he is overcome with a  
feeling of euphoria and bliss  
at the dissipation of pain...  
eyes unfocused...  
mind adrift in a benign state of well-being.
