

# The Electrophysiology of Love

Category: visuals

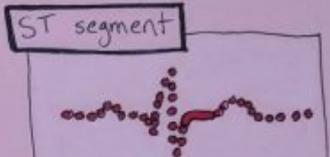

written by Jessica Faraci | November 10, 2023

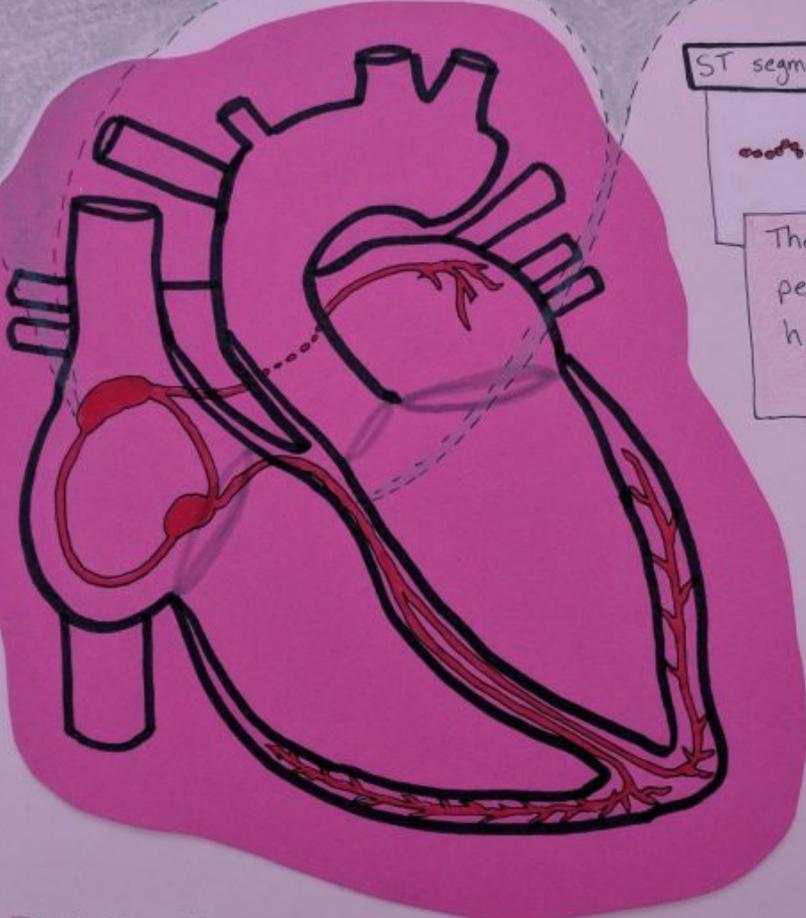

P-wave  
An impulse and spark between two people causing atrial contraction and connection

QRS Complex  
Conduction of that spark through dating, engagement, and marriage leads to ventricular contraction and true love.

ST segment  
The resting period and honeymoon phase

And repeat!

T-wave  
Upheaval during ventricular repolarization and having children

# CARDIAC ELECTROPHYSIOLOGY of LOVE
